The image displays five rows of visual puzzles, each consisting of two groups of boxes connected by a bridge.

- Row 1:** Each group has two boxes. The first group shows a black dot in the top-left and bottom-right corners, and a white dot in the top-right and bottom-left corners. The second group shows a sequence of four boxes with various combinations of black and white dots.
- Row 2:** Each group has two boxes. The first group shows arrows pointing from the top-left to the bottom-right and from the top-right to the bottom-left. The second group shows a sequence of four boxes with arrows pointing towards the center, some crossed out with an 'X', and some double-lined.
- Row 3:** Each group has two boxes. The first group shows a black dot in the top-left and bottom-right, and a white dot in the top-right and bottom-left. The second group shows a sequence of four boxes with various combinations of black and white dots.
- Row 4:** Each group has two boxes. The first group shows the letter 'S' in the top and bottom, and a circle with a vertical line in the center. The second group shows the letter 'T' in the top and bottom, and a circle with a horizontal line in the center. The third group shows a sequence of four boxes with 'S' and 'T' in the corners and a circle with a vertical line in the center.
- Row 5:** Each group has two boxes. The first group shows a black dot in the center and white dots in the corners. The second group shows a sequence of four boxes with a black dot in the center and white dots in the corners, with varying numbers of dots.
